

ORACLE LIGHTING

2018-19 JEEP WRANGLER JL DRL/TURN SIGNAL UPGRADE (RUBICON/SAHARA)

ORACLE PART # 5011-001 / # 5011-005

INSTALLATION GUIDE

NOTICE – The DRL bulb will automatically turn OFF when headlights turn ON.

If the DRL bulbs do not turn ON in “AUTO” mode:

- Vehicle must be in gear (Drive – Auto / Parking Brake Down – Manual)
- Turn headlight switch to the Park Light  position (Fig.1) if the bulbs turn on, unplug them, rotate 180 degrees, & then plug back in.

If Turn Signals do not operate or a “Bulb Out” warning appears:

- Unplug the problem bulb, rotate 180 degrees, then plug back in.

**IF AN ERROR OR BULB OUT WARNING OCCURS YOU WILL NEED TO RESET:
PRESS THE IGNITION SWITCH FROM OFF TO ACC 2 TIMES (Press 6x Total)**
